

BHS Stage 1 Complete

Stage 1 overview

Start your journey to learn more about horses, whatever your career goal. Stage 1 qualifications are the best place to begin.

You will learn:

- The basics of looking after horses.
- Horse behaviour and welfare.
- Basic riding skills.

How to achieve the Stage 1 Complete

The Stage 1 Complete qualification is awarded upon completion of the following:

- Stage 1 Care
- Stage 1 Ride and Ride Safe Award*

Age range

13 years and above.

How to train for the BHS Stage 1 assessments

We recommend you train at a BHS Approved Centre or with a BHS Accredited Professional Coach.

<u>Find a BHS Approved Centre</u> <u>Find a BHS Accredited Professional Coach</u>

Find Training Hub | Facebook*

*Facebook requires users to be a minimum age of 13

Skills Record

The BHS Skills Record tracks your training to help you prepare for your assessment. Your coach will sign your Skills Record when you are ready to take your assessment. We recommend you have this signed off before you sit your Stage 1 assessment.

Download your **Skills Record**.

Purchase your **Skills Record**.

What could this qualification lead to?

Employers recognise the BHS Stage 1 as a starting point for a career with horses. This qualification could help you to get your first job, working under supervision. You can also progress to BHS Stage 2.

^{*}You need to achieve Stage 1 Ride and Ride Safe to be awarded the Stage 1 Ride certificate.

BHS Stage 1 Care

The Stage 1 assessment will take place at a BHS Approved Riding Centre. You can train for and take your assessment at the same BHS Approved Riding Centre. After booking your assessment we will inform you of your start time for your assessment. Upon arrival at your assessment, you will meet your assessor. They will let you know the timetable for the day and provide the opportunity for you to ask any questions.

During the assessment the assessor will observe you completing practical tasks. They will also ask you questions. You will need follow safe procedures as you would when handling horses you do not know. You will complete the practical tasks efficiently. This means completing tasks in the best possible manner without wasting time. You must treat every horse you meet with empathy and respect. Working with different types of horses will help you prepare for your assessment.

The syllabus below details the content of the Stage 1 Care. Guidance for reading the syllabus is from page xx.

Learning Outcome	Assessment Criteria	Guidance on the content to be learnt during training and sampled during assessment	Assessment Method
1. Know the responsibilities for working on an equestrian yard	1.1 State the responsibilities for working on an equestrian yard	Responsibilities with regards to the following:	Discussion
2. Be able to maintain a clean stable	2.1 Muck out and put a bed down	Full muck out (excluding deep litter) to include: • Working safely and efficiently • Selection and use of tools • Minimal wastage of clean bedding Put a bed down to include: • Suitable depth • Banks	Observation
	2.2 Provide water	May include: Bucket or automatic drinker Appropriate positioning of bucket Frequency of cleaning Working safely and efficiently	Observation and discussion
	2.3 Skip out and tidy a stable	Skip out to include:	Observation and discussion

Learning Outcome	Assessment Criteria	Guidance on the content to be learnt during training and sampled during assessment	Assessment Method
	2.4 Discuss the use of a range of bedding for horses	Range = 2 or more Bedding may include:	Discussion
	2.5 Describe how to maintain a muck heap	Maintenance to include:Compacting downKeeping muck heap area tidy	Discussion
3. Be able to carry out routine grooming tasks	3.1 State reasons for grooming	Reasons may include:	Discussion
	3.2 Identify a range of items in a grooming kit	Range = 3 or more Items may include:	Observation and discussion
	3.3 Groom a horse	Grooming to include: Securing the horse Working safely and efficiently Use of equipment Picking out feet Folding rug as required Handling horse safely	Observation
	3.4 Identify if a horse needs shoeing or trimming	May include:	Discussion
	3.5 Identify a range of external parts of the horse's foot	Range = 3 or more Parts may include:	Observation
	3.6 Describe how to groom a horse after exercise	 Groom to include: Checking horse for injury Washing or brushing off sweat Use of cooler 	Discussion

Learning Outcome	Assessment Criteria	Guidance on the content to be learnt during training and sampled during assessment	Assessment Method
4. Be able to describe horses and know about horse behaviour and health	4.1 State a horse's welfare needs New assessment criteria	 Welfare needs (Five Domains) may include: Nutrition (forage, water and diet) Suitable and safe environment (stable and field) Health (protection from pain, injury and disease) Company (social interactions with horses and people, expressing natural instincts) Mental wellbeing 	Discussion
	4.2 Identify a range of points of the horse	Range = 4 or more Points may include:	Observation and discussion
	4.3 Estimate the height of a horse or pony	 Height estimate to include: Hands or centimetres Within 10-15 centimetres or 4-6 inches of actual height 	Observation and discussion
	4.4 Identify colours and markings	Colours may include any common horse colours. Face markings may include: Blaze Stripe Star White face Snip Leg markings may include: White markings (socks and stockings are acceptable) Ermine marks	Observation and discussion
	4.5 Identify signs of good and poor health	Signs may include: General body condition Coat condition Eyes and nose Appetite Droppings Movement and stance	Observation and discussion

Learning Outcome	Assessment Criteria	Guidance on the content to be learnt during training and sampled during assessment	Assessment Method
	4.6 Describe routine checks to monitor health and welfare	Routine checks to include:	Discussion
	4.7 Outline the signs of a horse being overweight or underweight	Signs in relation to key areas of the horse's body:	Discussion
	4.8 Describe the horse's natural instincts	Range = 2 or more Natural instincts may include: Herd animals Flight, or fight or freeze Grazers	Discussion
		How natural instincts may affect the horse when: Turned out Stabled Startled Left alone	
	4.9 Describe horse behaviour that may suggest it is not safe to approach	May include: Body language Facial expressions Movement and stance In the stable In the field	Discussion
5. Be able to use rugs appropriately	5.1 Identify a range of rugs and their use	Range = 2 or more Rug types may include:	Observation and discussion
	5.2 Put a rug on and take a rug off	Know when a rug is not required To include: Safe and efficient procedure Consideration for horse Rug secured Handle horse safely	Observation
	5.3 Assess the fit of the rug	Fit to include: Length Depth Length of straps Common places to check for rubs and sores	Observation and discussion

Learning Outcome	Assessment Criteria	Guidance on the content to be learnt during training and sampled during assessment	Assessment Method
	5.4 Describe the consequences of a poor fitting rug	Consequences may include:Horse welfareDamage to rugSafety	Discussion
6. Be able to tack up and untack	6.1 Identify parts of the saddle and bridle	Parts of the saddle may include:	Observation and discussion
	6.2 Tack up and untack a horse with a saddle and bridle	 Throatlash Tack up and untack to include: Safe and efficient procedure Securing the horse Handle horse safely Handling of rug if required Carrying and storage of tack 	Observation
	6.3 Put on a martingale	Running martingale to include: Safe and efficient procedure Securing the horse With bridle and saddle	Observation
	6.4 Put on a pair of brushing boots	To include:	Observation
	6.5 Check tack for safety	Areas of tack may include:	Observation and discussion
	6.6 Outline checks to make on tack for comfort before riding	Checks may include: Bridle Bit Noseband Throatlash Saddle Saddle too big or too small Pommel too low Saddle not central	Discussion and observation

Learning Outcome	Assessment Criteria	Guidance on the content to be learnt during training and sampled during assessment	Assessment Method
		Martingale	
		Numnah/saddle pad • Suitability and fit	
		Brushing boots • Size	
	6.7 State the reasons why tack should be checked for comfort and safety	Reasons may include:	Discussion
	6.8 Clean a bridle	Clean may include: Stripping bridle Cleaning and applying leather dressing (saddle soap, cream or spray) Washing bit Putting a bridle back together correctly	Observation and discussion
	6.9 State the reasons for cleaning tack	Reasons may include:	Discussion
7. Be able to handle a horse	7.1 Discuss how correct handling affects the horse New assessment criteria	 Correct handling may include: Empathy Respect Consistency Clear and timely aids 	Discussion
	7.2 Handle horses safely	To include:	Observation and discussion
	7.3 Put on a headcollar and tie a horse up	To include:	Observation
	7.4 Hold a horse for treatment or inspection	To include: Holding and positioning horse Positioning of handler Awareness of horse behaviour and reactions	Observation
	7.5 Lead a horse in walk and trot in a bridle	Leading to include: Leading horse out of stable Leading horse in walk Turning the horse Leading horse in trot Appropriate positioning of	Observation

Learning Outcome	Assessment Criteria	Guidance on the content to be learnt during training and sampled during assessment	Assessment Method
		 handler Safe handling of horse Awareness of horse behaviour and reactions 	
	7.6 Describe how to turn out and catch a horse	Turning out may include: Safe and efficient procedure Individual horse Group of horses Awareness of dangers PPE to wear Positioning of horse and handler Releasing horse	Discussion
		 Catching to include: Safe and efficient procedure Approaching a horse Awareness of horse behaviour Awareness of other horses in field 	
	7.7 Identify a range of routine field checks	Range = 3 or more Field checks to include: Regularity of checks Fencing (boundaries) Water Shelter Gate and gateway Ground conditions Poisonous plants- ragwort,	Discussion
8. Be able to provide food and water to a horse	8.1 Explain a range of rules of feeding	oak, yew, foxglove, sycamore Range = 2 or more Rules of feeding, may include: • Feed plenty of roughage • Feed little and often • Use good quality feed • Feed according to workload and bodyweight • Make changes to feed gradually • Feed something succulent daily (food with water content for example grass) • Avoid exercising one hour after cereal-based meals • Maintain a consistent routine • Practise good hygiene	Discussion
	8.2 State the importance of providing clean water to a horse	Importance to include: Health Welfare Weather conditions Following work	Discussion

Learning Outcome	Assessment Criteria	Guidance on the content to be learnt during training and sampled during assessment • Amount horse drinks in a day	Assessment Method
	8.3 Identify a range of common horse feeds	Range = 3 or more Horse feed may include:	Observation and discussion
	8.4 Identify signs of good and poor quality feed	Signs to include:	Discussion
	8.5 Describe how to prepare feed	Preparation to include: Following instructions Using a feed chart Soaking feed Soaking hay	Observation and discussion
	8.6 Provide a haynet to a horse	To include: Safe and efficient procedure Weighing haynet Tie haynet up safely	Observation
	8.7 State a range of methods for providing forage	Range = 2 or more Methods may include: Providing forage in the field Providing forage in the stable	Discussion
	8.8 Describe how to maintain good hygiene in feed areas	May include: Feed room Feed store Cleanliness Preventing vermin Cross contamination (for example use of supplements or medication) Buckets and utensils Storage	Discussion

BHS Stage 1 Ride

The Stage 1 Ride assessment will involve you riding two horses, one after the other. You will be in a group of up to six horses and riders. The horses you ride may be forward going or laid back. There will be a caller in the arena to give you instructions for a variety of ridden exercises.

You must ride with sympathetic aids and with respect for your horse and the other riders in the arena. Riding different types of horses will help you prepare for your assessment.

The syllabus below details the content of the Stage 1 Ride. Guidance for reading the syllabus is from page xx.

Learning Outcome	Assessment Criteria	Guidance on the content to be learnt during training and sampled during assessment	Assessment Method
1. Prepare horse and tack before mounting	1.1 Check the tack for safety and comfort before mounting	Checks to include:	Observation
	1.2 Position horse in preparation for mounting	To Include: Lead horse Position horse at mounting block Safe positioning of horse and handler	Observation
2. Be able to mount and dismount from a horse	2.1 Mount and adjust girth and stirrups	Mounting to include:	Observation
	2.2 Dismount and adjust tack	Dismount to include: Safe positioning of horse Safe procedure Adjust tack for comfort Prepare horse to be led out of the arena	Observation

Learning Outcome	Assessment Criteria	Guidance on the content to be learnt during training and sampled during assessment	Assessment Method
3. Be able to ride horses in walk, trot and canter	LEARNERS WILL BE REQUIRED TO RIDE TWO HORSES IN THIS SECTION		
under supervision	3.1 State the reasons for warming up and cooling down a horse	Reasons may include: Preparation for work Recovery Horse welfare and wellbeing	Discussion
	3.2 Ride in a balanced and secure position with stirrups	May include: Walk, trot and canter on both reins Maintain control when riding as part of a group or independently Control, position and use of short whip (75centimetres/30 inches or less) Balanced and secure position to include: Basic security in saddle Non-restrictive to horse	Observation
	3.3 Ride showing respect and consideration for the horse and other riders	To include: Use of sympathetic aids Awareness of other users of the school Following the rules of the school	Observation
	3.4 Maintain a balanced position in walk and trot without stirrups	To include:	Observation
	3.5 Maintain a balanced position in trot and canter in a light seat	Light seat to include: • Adjusting stirrups for light seat Palanced position to include:	Observation
		 Balanced position to include: Basic security in light seat position Non-restrictive to horse 	

Learning Outcome	Assessment Criteria	Guidance on the content to be learnt during training and sampled during assessment	Assessment Method
	3.6 Maintain a balanced position over trotting poles	Trotting poles to include: Single pole Three poles in line (straight line and on diagonal line) Balanced position to include: In light seat In rising trot	Observation
	3.7 Ride transitions between the paces	Upward and downward transitions to include: Halt Walk Trot Canter	Observation
	3.8 Ride simple school figures	School figures may include:	Observation
	3.9 Outline the aids for riding transitions and turns	Aids may include: Leg Rein Body position Clear and timely aids Consistency of aids	Observation and discussion
	3.10 Ride on the correct trot diagonal	Correct trot diagonal to include: Correcting and changing diagonal when needed and when changing rein	Observation and discussion
	3.11 State the number of beats within the pace and the sequence of footfalls	Pace may include: Walk Trot Canter	Discussion
	3.12 Recognise correct canter leads	To include: • Recognising if the inside foreleg is appearing to lead	Observation and discussion

Guidance for reading the syllabus

Learning Outcome

The content of the syllabus includes learning outcomes. These are statements that describe significant and essential learning. Learning outcomes identify what the candidate will know, understand and be able to do.

Assessment Criteria

The content of the syllabus includes assessment criteria. Assessment criteria identify what is expected from the assessed work. Assessment criteria should be clear, specify the standard that must be met and what evidence will be used to show achievement of the broader learning outcome.

All assessment criteria will be assessed. Candidates must achieve all assessment criteria to 'pass'. Achieved learning outcomes can be 'banked'. The candidate is only required to resit learning outcomes that have not been achieved.

Assessment criteria are made up of two essential parts - the command verb and the subject matter:

- 'command' = instruction
 'verb' = what it is you are to do
- 2. 'subject matter' = the topic

At Stage 1, the command verbs used are:

Assess To judge the value of

Describe Paint a picture in words. Does not include reasoning

Discuss Talk about the topic

Estimate Form an approximate judgement or opinion

Explain A description with reasons. Often starts with 'because'

Identify State or recognise, usually from a visual prompt

Outline Identify the main features

State Provide information in a brief uncomplicated form

Guidance

Guidance offers more information about the assessment criteria. It identifies content that will be learnt during training and sampled during assessment. A candidate should be familiar with the content to prepare for assessment.

- The detail provided in the guidance gives examples of the subject content. When preparing for your assessment try not to limit your learning only to the points listed but work with your coach to gain a rounded view of each subject.
- Where 'to include' is stated, this means all content listed must be learnt during training and may be assessed on the assessment day.
- Where 'may include' is stated, this means all content listed must be learnt during training, along with others. Some or all may be assessed on the assessment day.

- Where a specific number in a range is stated, this means the full list must be learnt during training and a minimum of that specific number may be assessed on the assessment day.
- An assessor will decide the number of aspects in the list to be assessed. This is so they can be secure in their assessment of your knowledge and skills.

Assessment method

How the assessor will collect evidence against the assessment criteria. At Stage 1 they will either observe the candidate carrying out a practical task or they will ask the candidate questions.
