

Centre Guidance- Stage 1 Care and Ride (12 Candidates)

Stage 1 is the entry level assessment into the professional careers pathways for grooms, professional riders and coaches.

BHS Stage 1

The maximum number of complete candidates is 12; six in the morning and six in the afternoon; however Centres should be aware that there may be more candidates attending, completing re-sits or sections only (e.g. care only); so please ensure you have adequate parking to accommodate this. As well as candidates we will be sending two assessors, 1x Lead and 1x Assessor. If there is anybody else e.g. Internal Quality Assurer and observer we will let you know by writing two weeks before the assessment day, once the assessment is closed for bookings.

What we need from you:

1. A single point of contact who takes responsibility for the organisation of all assessment days. This person needs to be available to discuss requirements with the Education Team and the Lead Assessor prior to and during the assessment days. A direct contact number should also be available in an emergency, i.e. in the event of any unforeseen circumstances on or just before the day.
2. We need a person in the yard responsible for ensuring all horses and equipment are ready on time (according to the programme) for the smooth running of the day. This person needs to be available all day during the assessments, should the assessors or candidates have any questions or queries.
3. A room at a comfortable temperature with table and seats where assessors can meet and confer in private.
4. A waiting room at a comfortable temperature for candidates with adequate seating and pens to fill in the emergency form.
5. Appropriate signage for candidates to find the Centre, facilities (incl. toilets), waiting/briefing room. Signs hung stating 'Assessment in progress.' Please note no spectators are permitted. Please do make candidates feel 'at home' as they may be nervous.
6. In the interest of the candidates, no photography or filming of any section of an assessment is permitted (Excluding CCTV for security or insurance purposes).
7. Seating facilities for assessors and/or candidates in all phases, as they may be needed.
8. A caller for the riding section, to give instructions. Callers should hold the BHS Stage 3 Coach in Complete Horsemanship (previously BHSAI) as a minimum. We would recommend they are not the point of contact being used for the day. Guidelines will be provided.
9. Suitable light refreshments throughout the day and lunch for assessors. Assessors may request lunch but this is chargeable to them directly if provided.

10. A First Aid kit. Where the riding is not in close proximity to the yard a First Aid kit must be taken to the riding area. A means of communication needs to be supplied (mobile phone or two-way radio).

11. A safeguarding representative to be available on site throughout the assessment. This person must be available to introduce to candidates during the briefing.

12. All horses used in BHS assessments should be clean and well-presented.

To see our assessment criteria please refer to the website.

Safeguarding and Health & Safety

Please note the minimum age for this assessment is 13 years old.

The Society follows strict Safeguarding policies which protect children under 18 years and adults at risk. Sign out sheets and emergency contact details will be kept with the Assessors.

Assessment Day

The assessment day is split into two care sections and a riding section, the programme allows the same horses (where appropriate) to be used for both the care and the riding sections. The assessment day should be carried out like a normal working day, so candidates will be carrying out tasks in the relevant environment.

The Stage 1 Care and Ride assessment day has been designed not to interfere with the day to day running of your Centre, so please do continue to run lessons and business as usual. As well as ensuring you don't lose money for holding our assessments it gives the candidates a real feel of working on a busy yard.

Please ensure that, while sufficient staff are present on the yard to assist with the assessment, there are not extra observers who may cause the candidates to feel under pressure. Where a member of staff needs to be present during the riding section, please ensure that they are not seen to be in conversation with the assessors, as this may be perceived by candidates as giving internal candidates an unfair advantage.

When liaising with the assessing team before, during or after the assessment day, please do not discuss the performance of candidates with them, as this may be perceived as an attempt to influence their decisions.

Equipment needed:

Number of horses needed is six (plus two spares) who are suitably sized for the candidates (list of candidates including heights and weights provided two weeks prior to assessment date). This is considered to be approximately 14.2hh or over and left to your discretion; however no candidate should be under-horsed. You and the assessors reserve the right to request a horse to be changed. We are happy to use the same horses in two sessions providing they are suitable and are fit enough.

Should you have a concern regarding a riders' weight, please liaise directly with the Lead Assessor. Should you need to weigh the candidate; a scale will need to be provided in a private location.

The horses will need to be:

- Well-mannered, reliable and schooled to a reasonable standard

Candidates will be riding **two** horses during their hour assessment, so this needs to be considered when allocating horses per candidate.

What to expect from us before the assessment

Once the assessment days have been confirmed with you and candidate bookings have been made, the Education Team will email a programme of the day to you, between two to three weeks prior to the assessment date (when candidate bookings close).

What will be included in the email:

- *Programme*
- *Candidate names (including heights and weights)*
- *Assessor names and Lead Assessor contact details*
- The Lead Assessor will be in touch regarding the assessment, to help answer questions and liaise with the organising of the day. If you have not heard from them please contact either the Lead Assessor directly or contact the Education team at your earliest convenience. If you have any concerns or amendments you would like making to the programme please discuss this with the Lead Assessor in the first instance.

- The Lead Assessor may contact you regarding a reasonable adjustment if it requires centre input, if you have any queries please make direct contact with your Lead Assessor.

Skills Records can be purchased from the BHS shop or downloaded from the website and printed out. This must be signed off by a BHS Accredited Professional who holds a qualification at the level above before the candidate takes their assessment.

Please ensure the black bibs provided with the signed contract are ready for when the Lead Assessor arrives so the bib names and numbers can be inserted during the briefing. Should you need more candidate bibs, please contact the Education team.

The Lead Assessor will also carry out a risk assessment of the yard, so please be on hand to help provide any information (e.g. first aid kit location).

If you need any further help to interpret the programme or have any questions about the upcoming assessment, please contact the Education team and we will be happy to help resolve any queries.

Stage 1 Caller Guidelines

The Caller is there to guide the candidates through the riding section of the Stage 1.

The Caller should be:

- Minimum Stage 3 Coach (BHSAI) or equivalent, experienced at working with unknown riders and controlling a group situation, where riders may need additional support and careful control.
- Not the primary point of contact on assessment day
- Dressed in a smart and practical way
- Familiar with the Centre and horses' normal way of going.
- Experienced at striding out trot poles and distances suitable for horses used on the day of the assessment.

The Caller will need to:

- Guide candidates through exercises safely confirming that they understand and are comfortable with each exercise.
- Make sure the session is run in a time efficient manner.
- Put the candidates at ease and refer to them by name.
- Encourage candidates to ask questions; whilst not being too familiar with any internal candidates.

At Stage 1 level the candidates will work mainly as a ride completely under the direction of the Caller. Although candidates are responsible for checking and altering their own girth and stirrups, please be prepared to offer assistance, to ensure candidate safety.

During the session we suggest you position yourself so you can see the whole ride at all times, whilst remaining close enough to the assessors so they can communicate to you. Although the session is not a taught lesson you can give specific directions to a candidate if they are unsafe or their actions are likely to cause an accident.

Stride table:

Suggestion for pole set up; single pole at E or B (on the three-quarter line) with 3 poles also on the diagonal line (four poles in total).

	PONY		COB/SMALL HORSE		COMPETITION/ LARGE HORSE	
Trot poles	1.22m	4ft	1.37m	4ft 6in	1.52m	5ft

If a pole is kicked out of place, please ensure the candidates have enough time to circle away so the distances can be re-measured.

To see our assessment criteria please refer to the website, we recommend you are familiar with the syllabus them before taking this session.
