

BHSQ Level 3 (Stage 3) Qualification Specification

This document contains information and guidance for the following qualifications:

BHSQ Level 3 Groom (Stage 3)

BHSQ Level 3 Groom with Riding – Dressage (Stage 3)

BHSQ Level 3 Groom with Riding – Jump (Stage 3)

BHSQ Level 3 Groom with Riding – Complete (Stage 3)

BHSQ Level 3 Coaching Riders (Stage 3)

BHSQ Level 3 Coach – Dressage Ride (Stage 3)

BHSQ Level 3 Coach – Jump Ride (Stage 3)

BHSQ Level 3 Coach in Complete Horsemanship (Stage 3)

BHS Qualifications

BHS Qualifications (BHSQ) is an awarding organisation recognised and regulated by:

- the Office of the Qualifications and Examinations Regulator (Ofqual) in England
- SQA Accreditation in Scotland
- Qualifications Wales (QW)
- the Council for the Curriculum, Examinations and Assessment (CCEA) in Northern Ireland.

BHSQ works in partnership with a variety of organisations to develop and award qualifications for the equestrian industry. This contributes to ensuring BHSQ qualifications are fit for purpose and meet the needs of the sector.

BHSQ is responsible for ensuring learners are registered and certificated accurately and fairly. It has many systems, policies, and procedures in place to ensure it does this. These are checked closely to ensure assessment is accurate and fair by verification and monitoring of BHSQ Approved Centres.

This specification is for all those involved in planning, delivery and assessment including learners.

BHSQ qualifications are:

- nationally recognised
- quality assured
- vocationally-related
- mapped to national occupational standards (NOS) where appropriate
- designed to meet the needs of employers
- regularly reviewed by industry practitioners.

BHSQ qualifications provide valuable opportunities for learners to:

- develop new skills
- develop existing skills
- gain underpinning knowledge and understanding
- progress to further study, education and training
- progress into employment.

How BHSQ uses personal information

Personal data is protected under current data protection regulations. BHS Qualifications, as a wholly owned subsidiary of The British Horse Society (BHS), abides by the BHS privacy policy. For more details please refer to the privacy policy detailed on the website:

bhsq.co.uk/privacy-and-cookies

or email dataprotection@bhs.org.uk

Definitions for Total Qualification Time, Credit and Guided Learning Hours

FOR GUIDANCE WHEN USING THESE SPECIFICATIONS, THE REGULATOR(S) USES THE FOLLOWING DEFINITIONS:

Total Qualification Time (TQT)

The number of notional hours which represents an estimate of the total amount of time that could reasonably be expected to be required, for a learner to achieve and demonstrate the achievement of the level of attainment necessary for the award of a qualification.

Total qualification time is comprised of the following two elements:

- (a) the number of hours which an awarding organisation has assigned to a qualification for guided learning, and
- (b) an estimate of the number of hours a learner will reasonably be likely to spend in preparation, study or any other form of participation in education or training, including assessment, which takes place as directed by, but not under the immediate guidance or supervision of, a lecturer, supervisor, tutor or other appropriate provider of education or training.

Credit

Where a credit value is assigned to a qualification, that value must be equal to one tenth of the total qualification time (TQT) assigned to that qualification, rounded to the nearest whole number.

Guided Learning Hours (GLH)

The activity of a learner in being taught or instructed by or otherwise participating in, education or training under the immediate guidance or supervision of, a lecturer, supervisor, tutor or other appropriate provider of education or training.

For these purposes the activity of 'participating in education or training' shall be treated as including the activity of being assessed if the assessment takes place under the immediate guidance or supervision of a lecturer, supervisor, tutor or other appropriate provider of education or training.

Introduction to BHS Qualifications at Level 3 (Stage 3)

BHS Qualifications (BHSQ) provide qualifications to support different career pathways allowing learners to choose the one best suited to their aspirations. BHSQ Level 3 (Stage 3) qualifications give learners specialist knowledge and technical skills, for employment in the equine industry and provide progression to the BHSQ Level 4 (Stage 4) suite of qualifications. These qualifications may also support learners in further or higher education and employment.

The qualifications within the suite are:

- BHSQ Level 3 Groom (Stage 3)
- BHSQ Level 3 Groom with Riding – Dressage (Stage 3)
- BHSQ Level 3 Groom with Riding – Jump (Stage 3)
- BHSQ Level 3 Groom with Riding – Complete (Stage 3)
- BHSQ Level 3 Coaching Riders (Stage 3)
- BHSQ Level 3 Coach – Dressage Ride (Stage 3)
- BHSQ Level 3 Coach – Jump Ride (Stage 3)
- BHSQ Level 3 Coach in Complete Horsemanship (Stage 3)

These qualifications have been developed in line with feedback from industry ensuring it meets the needs of employers and learners. BHSQ regularly review qualifications to ensure they are fit for purpose. If there are any aspects that are not clear, are ambiguous or do not sufficiently meet the needs of industry, please contact BHSQ on enquiries@bhsq.co.uk.

Qualification level

All BHSQ qualifications have a level in their title. The level is an indicator of expectations both for the requirements of the assessment, but also as an employee once qualified at that level. Learners are expected to have knowledge, understanding and skills identified by this level and its descriptors. The level descriptors are defined by the Regulators and are progressive.

In each qualification title BHSQ also identify a Stage. This is the same as the level. It is included because the equine industry is very familiar with Stages particularly when referring to British Horse Society qualifications. The term “Stage” has been historically used, as an alternative to level and BHS continues to use this terminology and branding for their assessments.

BHSQ state that:

- **Level 2 (Stage 2)** is for those at foundation level in equine. You would generally work with appropriate supervision.
- **Level 3 (Stage 3)** is for professional staff in equine. You would be able to work independently, managing your own workload perhaps in a small business or working as a freelance.
- **Level 4 (Stage 4)** is for established senior staff or freelancer in equestrian. You would be able to manage others and take on a more senior role within a business or as a consultant.

BHS Qualifications

The learner at BHSQ Level 3 (Stage 3) is expected to:

- Have developed knowledge, understanding and skills in equine
- Be able to respond effectively to situations that may be unfamiliar and non-routine in equine
- Deal with straightforward problems, offering alternative solutions
- Understand how effective they and others are, offering recommendations for improvement in routine situations
- Work with autonomy
- Supervising others may be with support.

To achieve a BHSQ Level 3 (Stage 3) qualification the learner must complete all learning outcomes and assessment criteria. Learning outcomes broadly state what a learner will know about, understand or be able to do at the end of their learning. Assessment criteria state specifically what a learner must achieve. They are clear and measurable statements used by assessors to judge if a learner meets the required standard. There is also guidance for the assessor and learner offering greater clarity about the expectations of the assessment criteria.

Direct entry/Recognition of prior learning

Learners wishing to enter level 3 qualifications without having achieved the relevant prerequisite can enter through recognition of prior certified learning (RPCL) or recognition of prior experiential learning (RPEL). Qualifications accepted as RPCL are listed on the BHS website. Learners holding qualifications that are not listed and learners who do not hold any qualifications but have industry experience, can apply for entry through RPEL.

Details of the direct entry process for RPCL and RPEL direct entry applications can be found on the BHS website:

<https://www.bhs.org.uk/careers-recreational-awards/assessments-information/direct-entry-guidance/>

Training for BHSQ qualifications

Practical training is strongly recommended with a suitably qualified BHS Accredited Professional. Training can occur via many methods, such as attending a BHS Approved Riding Centre, in your place of employment or at home/your facilities with your own horse/s.

It is advised to choose a BHS Accredited Professional who is qualified to at least one level above the qualification the learner is training for. A list of Accredited Professionals, and BHS Approved Riding Centres is available on the BHS website:

<https://www.bhs.org.uk/go-riding/find-a-coach-or-groom/>

<https://www.bhs.org.uk/go-riding/find-a-riding-centre-or-livery-yard/>

The BHS also have supporting resources available to support training and development:

<https://www.britishhorsheshop.com/collections/bhs-assessments>

The BHS also promote training courses and events suitable for learners training towards BHS qualifications. These can be found on the BHS website:

<https://www.bhs.org.uk/careers-recreational-awards/continuing-professional-development/>

<https://www.bhs.org.uk/events/find-a-cpd-course/>

<https://www.bhs.org.uk/events/>

Professional expectations

BHSQ work closely with the sector and employers in particular. Once a learner has achieved a BHSQ qualification, they are likely to be working in the sector. It is essential all those working in the sector have a sufficient understanding of their legal responsibilities to protect both the horse and their clients and colleagues. This includes safeguarding, health and safety, first aid, equality, diversity, inclusion and data protection.

It is always the responsibility of the employer or self-employed person to ensure practices are safe, effective and legal. BHSQ encourages all those working in the sector to have current BHS First Aid or First Aid at Work and Safeguarding for Equestrians.

Delivery, assessment and quality assurance of BHSQ qualifications

Delivery

The BHSQ Level 3 (Stage 3) qualifications are delivered through The British Horse Society (BHS). The BHS is approved by BHSQ as a centre for the delivery of BHSQ qualifications. They are part of the BHS Career Pathways which offers learners the opportunity to progress their career and learn practical skills. The BHS provides advice and guidance through every stage of learner development.

Further details of the BHS Career Pathways can be found on the BHS website:

<https://www.bhs.org.uk/careers-recreational-awards/professional-qualifications/>

The BHS is responsible for the management and delivery of these qualifications ensuring resources are in place to support learners appropriately. It must have policies and procedures in place, and these must be made available to learners.

These include, but not limited to:

- Appeals
- Complaints
- Conflict of interest
- Data protection
- Equality, diversity and inclusion
- Health and safety including risk management
- Internal quality assurance/verification
- Malpractice and maladministration
- Reasonable adjustments
- Special consideration
- Recognition of prior learning
- Safeguarding
- Recruitment and selection
- Whistleblowing.

The BHS has a responsibility to recruit and develop a team of Assessors and Internal Quality Assurers to maintain the standard and quality of assessments. The BHS approve and monitor a network of approved assessment centres/venues that can deliver training and assessments in the UK and internationally. The BHS offers regular training to trainers, centres/venues and assessors to ensure the latest developments in standards are communicated and maintained.

It is the responsibility of the BHS to ensure the safety and suitability of all learners, including those who are under the age of 18.

The BHS may have entry requirements in addition to those detailed in this specification. BHSQ has age restrictions stated in its qualifications. These are carefully considered given the nature of equine, especially working with horses.

Assessment

Assessment will be carried out by an appointed assessor. How assessment is carried out is flexible; in general, the majority of assessment is carried out on site at a BHS approved assessment centre/venue. However there are other many other methods of assessment available. BHSQ encourages the BHS to use assessment methods that best meet the needs of learners.

If a learner considers additional time may be needed to complete their assessment fairly, they should contact the BHS for further information.

At all times, learners should wear appropriate clothing and personal protective equipment for the activities undertaken. They should be aware of health and safety for themselves, others and horses.

All learning outcomes and assessment criteria must be met for achievement.

Learners will be required to complete a **Skills Record** book prior to their assessment day.

Career Pathways Skills Record

It is a requirement that the **Skills Record** is completed prior to the learner's assessment day. Coaches are required to complete the 'coach endorsements' required for designated skills which have been set as pre-assessment criteria for these qualifications. Coaches should sign these off when they have assessed the learner's knowledge and skills set in these given areas and deem them to be competent.

Learners are also required to have the 'ready for assessment' sections of their qualifications signed off in their **Skills Record** prior to their assessment day. Coaches will sign the relevant section off to confirm the learner has received training in this area and is ready to be assessed.

To be eligible to sign off 'coach endorsements' and 'ready for assessment' sections for BHSQ Level 3 (Stage 3) qualifications, coaches must be on the BHS Accredited Professional register and hold a BHS Stage 4 qualification in the section they are signing off.

Learners must present their completed **Skills Record** book on the assessment day. Failure to do so may result in the learner not being able to take their assessment.

The **Skills Record** book is available to view on the BHS website:

www.bhs.org.uk/skillsrecord

Access to fair and accurate assessment

BHSQ qualifications must be available to all learners who are able to achieve the required standards. Assessment must be free from unnecessary barriers which may restrict access and achievement. Assessment practice and procedure must not discriminate against learners who may require support to undertake assessment. However, the requirements of the qualification must be strictly adhered to, to ensure reliability and fairness for all.

Reasonable adjustments is the term used to describe alterations to assessment to mitigate a barrier such as a disability. The learner must meet the requirements of the qualification with a mitigation or adjustment in place.

Special consideration is the term used to describe an adjustment to assessment, at the point of assessment or just after, due to a temporary injury or event outside of the learner's control. These are rare in equine as the learner would usually complete an assessment at a different time.

Conflicts of interest that may affect fair assessment include a family member assessing another family member or an owner paying for assessments and being an assessor too. Situations such as these, must be managed correctly so there can be no bias and the learner is assessed strictly to the requirements of the qualification in the same way as someone unknown would be.

Learners must be made aware of how to complain and appeal. They must know what to do should an error occur which impacts on assessment, whether on purpose or by accident.

If assessors and learners have any queries regarding fair assessment or particular assessment requirements, they should discuss this with the BHS.

Learning outcomes

The content of the qualification specification includes learning outcomes. These are statements that describe significant and essential learning that learners will achieve, and can reliably demonstrate at the end of a course or programme.

In other words, learning outcomes identify what the learners will know, understand and be able to do.

Assessment criteria

The content of the qualification specification includes assessment criteria. Assessment criteria identify what is expected from assessed work, whether this in practice or theory. They should clearly specify the standards that must be met and what evidence will be used to show achievement of the broader learning outcomes.

Assessment criteria are made up of 2 essential parts – the command verb and subject matter:

1. 'command' – instruction
'verb' – what is it you are to do, generally denotes the 'level' required
2. 'subject matter' – the topic

In order to achieve the assessment criteria, learners must complete both parts. The command verbs used are:

DEMONSTRATE	Carry out an activity or skill showing awareness and understanding
DESCRIBE	Paint a picture in words. Not including reasoning
EVALUATE	Examine the strengths and weaknesses and come to a conclusion about their success/importance/worth Evaluation is often against a measure or value
EXPLAIN	Give reasons so often starting with because
IDENTIFY	State, list, briefly
OUTLINE	Identify the main features
REVIEW	Produce a critical assessment of an existing situation
STATE	Provide information in a brief uncomplicated form. See list and identify.

Assessors will use a range of techniques to ensure the learner understands the demands of assessment.

Guidance

Guidance offers more detailed information about the assessment criteria. It identifies content that will be learnt during training and then sampled during assessment. Not all aspects included in the guidance may be assessed. However, a candidate should be familiar with the content to prepare for assessment. All assessment criteria will be assessed.

Please note:

- Where it states, 'to include', this means aspects in the list must be learnt during training and may be assessed.
- Where it states, 'may include', this means aspects in the list will be learnt during training, along with many others. These may be assessed.
- Where a specific number in a range is stated, this means the list must be learnt during training and a minimum of that specific number may be assessed.
- An assessor will decide the number of aspects in the list to be assessed. This is so they can be secure in their assessment.

BHSQ regularly review qualifications to ensure clarity. If there are any aspects that are not clear or are ambiguous please contact BHSQ on enquiries@bhsq.co.uk.

Results

Assessment decisions will be recorded as either:

- Pass: the learner has passed/achieved the assessment criteria to the standard required
- Fail: the learner has failed/not met the standard required to achieve the assessment criteria.

If the assessment decision is a fail, re-assessment can take place as soon as the learner feels appropriate.

Only a learner, who has been judged to be competent against the assessment criteria, can be certificated. Accurate, successful and effective quality assurance depends on all individuals involved in BHSQ qualifications, having confidence in assessment and verification.

Internal Quality Assurance

The accuracy of assessment is verified using BHS quality assurance procedures. The BHS appoint internal verifiers to ensure that assessments are completed fairly and to the required standards.

External Quality Assurance

BHSQ appoint external verifiers to check that internal verification and assessment by the BHS has been completed sufficiently, fairly and to the required standards.

BHSQ and the BHS produce a range of documents to support those involved with these qualifications, for example but not limited to:

- BHSQ Essential guide to assessment of BHSQ qualifications
- BHSQ Approved Centre Manual

These documents are distributed as required.

Contact the BHS

The BHS Education Team is available to answer any queries from learners or education providers. Email at pathways@bhs.org.uk or call 02476 840508.

BHS Qualifications

BHSQ Level 3 (Stage 3) qualification structure

This table shows an overview of the qualifications at level 3 and the units required for the achievement of each qualification.

C – Compulsory units	GROOM	GROOM WITH RIDING - DRESSAGE	GROOM WITH RIDING - JUMP	GROOM WITH RIDING - COMPLETE	COACHING RIDERS	COACH - DRESSAGE RIDE	COACH - JUMP RIDE	COACH COMPLETE
Unit 1: Stage 3 Care	C	C	C	C		C	C	C
Unit 2: Stage 3 Lunge	C	C	C	C		C	C	C
Unit 3: Stage 3 Ride Dressage		C		C		C		C
Unit 4: Stage 3 Ride Jump			C	C			C	C
Unit 5: Stage 3 Coaching					C	C	C	C

BHSQ Level 3 Groom (Stage 3)

Qualification Level – 3

Total Qualification Time (TQT) for this qualification is 380

Credits – 38

Guided Learning Hours (GLH) – 150

This qualification contains the following units:

- Unit 1: Stage 3 Care
- Unit 2: Stage 3 Lunge

Qualification purpose

This is a practical qualification which caters for individuals whose primary focus is the care of horses. By successfully completing this qualification learners will be able to take responsibility for the care of several horses and lunging to maintain the level of training. They will be able to take on a supervisory role within an equestrian business.

Who is this qualification for?

This qualification is for learners who wish to base their career on caring for horses as a Groom. It is likely that learners may already be employed within the industry and are seeking career advancement. Learners may progress to this qualification after completing the BHSQ Level 2 Foundation Groom (Stage 2). Please refer to entry requirements at unit level.

This qualification is also available to learners at the appropriate level who have industry experience and/or hold non-BHS equine qualifications. To enter they will apply via the BHS RPCL or RPEL direct entry process.

What could this qualification lead to?

Learners completing this qualification could access roles in areas such as:

- Groom – non-riding
- Freelance Groom
- Assistant yard manager

Employment in these roles could be in a variety of equestrian environments including; riding schools, competition/training yards (any discipline), livery yards, private yards, studs, racing yards, rehabilitation yard, trekking yard, welfare/rescue centres, police and military, and or veterinary centres.

This qualification offers progression to:

- BHS Level 4 Senior Yard Manager (Stage 4)

BHSQ Level 3 Groom with Riding – Dressage (Stage 3)

Qualification Level – 3

Total Qualification Time (TQT) for this qualification is 580

Credits – 58

Guided Learning Hours (GLH) – 270

This qualification contains the following units:

- Unit 1: Stage 3 Care
- Unit 2: Stage 3 Lunge
- Unit 3: Stage 3 Ride Dressage

Qualification purpose

This is a practical qualification which caters for individuals whose primary focus is the care of horses. Learners completing this qualification will be able to ride the horses in their care for exercise and to maintain their level of training for flatwork. By successfully completing this qualification learners will be able to take responsibility for the care of several horses within an equestrian business and may take on a supervisory role within a business.

Who is this qualification for?

This qualification is for learners who wish to base their career on caring for horses and who have an interest in dressage. It is likely that learners will already be employed or working on a self-employed basis in the industry and are seeking career advancement. Learners may progress to this qualification after completing BHSQ Level 2 Foundation Groom with Riding (Stage 2). Please refer to entry requirements at unit level.

This qualification is also available to learners at the appropriate level who have industry experience and/or hold non-BHS equine qualifications. To enter they will apply via the BHS RPCL or RPEL direct entry process.

What could this qualification lead to?

Learners completing this qualification could access roles in areas such as:

- Groom with riding (exercising and schooling horses within the working environment)
- Freelance Groom with riding (exercising and schooling horses)
- Work/exercise rider in a variety of establishments
- Assistant yard manager
- Assistant Trainer

Employment in these roles could be in a variety of equestrian environments including; riding schools, competition/training yards (any discipline), livery yards, private yards, studs, racing yards, rehabilitation yard, trekking yard, welfare/rescue centres, police and military, and or veterinary centres.

This qualification offers progression to:

- BHS Level 4 Senior Yard Manager (Stage 4)
- BHS Level 4 Senior Yard Manager with Riding (Stage 4)
 - Ride for Training Dressage

BHSQ Level 3 Groom with Riding – Jump (Stage 3)

Qualification Level – 3

Total Qualification Time (TQT) for this qualification is 580

Credits – 58

Guided Learning Hours (GLH) – 280

This qualification contains the following units:

- Unit 1: Stage 3 Care
- Unit 2: Stage 3 Lunge
- Unit 4: Stage 3 Ride Jump

Qualification purpose

This is a practical qualification which caters for individuals whose primary focus is the care of horses. Learners completing this qualification will be able to ride the horses in their care for exercise and to maintain their level of training for jumping. By successfully completing this qualification learners will be able to take responsibility for the care of several horses within an equestrian business and may take on a supervisory role within a business.

Who is this qualification for?

This qualification is for learners who wish to base their career on caring for horses and who have an interest in jumping. It is likely that learners will already be employed or working on a self-employed basis in the industry and are seeking career advancement. Learners may progress to this qualification after completing BHSQ Level 2 Foundation Groom with Riding (Stage 2). Please refer to entry requirements at unit level.

This qualification is also available to learners at the appropriate level who have industry experience and/or hold non-BHS equine qualifications. To enter they will apply via the BHS RPCL or RPEL direct entry process.

What could this qualification lead to?

Learners completing this qualification could access roles in areas such as:

- Groom with riding (exercising and schooling horses within the working environment)
- Freelance Groom with riding (exercising and schooling horses)
- Work/exercise rider in a variety of establishments
- Assistant yard manager
- Assistant Trainer

Employment in these roles could be in a variety of equestrian environments including; riding schools, competition/training yards (any discipline), livery yards, private yards, studs, racing yards, rehabilitation yard, trekking yard, welfare/rescue centres, police and military, and or veterinary centres.

This qualification offers progression to:

- BHS Level 4 Senior Yard Manager (Stage 4)
- BHS Level 4 Senior Yard Manager with Riding (Stage 4)
 - Ride for Training Show Jumping

BHSQ Level 3 Groom with Riding – Complete (Stage 3)

Qualification Level – 3

Total Qualification Time (TQT) for this qualification is 780

Credits – 78

Guided Learning Hours (GLH) – 400

This qualification contains the following units:

- Unit 1: Stage 3 Care
- Unit 2: Stage 3 Lunge
- Unit 3: Stage 3 Ride Dressage
- Unit 4: Stage 3 Ride Jump

Qualification purpose

This is a practical qualification which caters for individuals whose primary focus is the care of horses. Learners completing this qualification will be able to ride the horses in their care for exercise and to maintain their level of training on the flat and jumping.

The reference to “Complete” in the title refers to the learner’s riding skills. Having completed this qualification learners will have an all-round skill set in riding to include; dressage, show jumping and cross country riding.

By successfully completing this qualification learners will be able to take responsibility for the care of several horses within an equestrian business and may take on a supervisory role within a business.

Who is this qualification for?

This qualification is for learners who wish to base their career on caring for horses and who have an interest riding, both flatwork and jumping. It is likely that learners will already be employed or working on a self-employed basis in the industry and are seeking career advancement. Learners may progress to this qualification after completing BHSQ Level 2 Foundation Groom with Riding (Stage 2). Please refer to entry requirements at unit level.

This qualification is also available to learners at the appropriate level who have industry experience and/or hold non-BHS equine qualifications. To enter they will apply via the BHS RPCL or RPEL direct entry process.

What could this qualification lead to?

Learners completing this qualification could access roles in areas such as:

- Groom with riding (exercising and schooling horses within the working environment)
- Freelance Groom with riding (exercising and schooling horses)
- Work/exercise rider in a variety of establishments
- Assistant yard manager
- Assistant Trainer

Employment in these roles could be in a variety of equestrian environments including; riding schools, competition/training yards (any discipline), livery yards, private yards, studs, racing yards, rehabilitation yard, trekking yard, welfare/rescue centres, police and military, and or veterinary centres.

This qualification offers progression to:

- BHS Level 4 Senior Yard Manager (Stage 4)
- BHS Level 4 Senior Yard Manager with Riding (Stage 4)
 - Ride for Training Eventing
 - Ride for Training Dressage
 - Ride for Training Show Jumping

BHSQ Level 3 Coaching Riders (Stage 3)

Qualification Level – 3

Total Qualification Time (TQT) for this qualification is 190

Credits – 19

Guided Learning Hours (GLH) – 60

This qualification contains the following unit:

- Unit 5: Stage 3 Coaching

Qualification purpose

The purpose of this qualification is to offer a pathway for those who wish to focus on coaching riders. Learners completing this qualification will have achieved a foundation level (Level 2/Stage 2) of knowledge and skills in horse care and riding, and have chosen to progress focusing on their coaching skills.

By successfully completing this qualification, learners will be able to coach horse riding to a range of riders, from beginners to students preparing to take qualifications and riders beginning to compete at grass roots level. Learners will be able to deliver lessons that implement coaching techniques whilst maintaining the safety and welfare of horses and riders. Learners will be able to show genuine improvement in horse and rider combinations and develop plans for their future progression.

A person holding the BHSQ Level 3 Coaching Riders (Stage 3) qualification will hold the technical skills and knowledge to coach dressage up to Novice level and jumping (show jumping and cross country) up to 80cm. They will be able to coach private, semi-private, group and lunge lessons. Coaches will be able to show genuine improvement of horse and rider while demonstrating a sound knowledge of coaching methods and principles.

Who is this qualification for?

This qualification is for learners who wish to build a career in coaching. It is likely that learners will already be employed in the industry and seeking career advancement. Learners may progress to this qualification after completing the BHSQ Level 2 Foundation Coach in Complete Horsemanship (Stage 2) or Unit 4: Stage 2 Coaching. Please refer to entry requirements at unit level.

This qualification is also available to learners at the appropriate level who have industry experience and/or hold non-BHS equine qualifications. To enter they will apply via the BHS RPCL or RPEL direct entry process.

What could this qualification lead to?

The BHSQ Level 3 Coaching Riders (Stage 3) qualification has been developed in consultation with employers and professional bodies to ensure that the content is appropriate for those working in the sector. Learners completing this qualification could access a career in coaching riding.

This qualification offers progression to:

- BHSQ Level 4 Coaching Riders (Stage 4)

BHSQ Level 3 Coach Qualifications – Dressage, Jump and Complete

Qualification purpose

Within the equine industry there is a need for all-round individuals with the ability to care for horses, ride horses and coach clients, students and staff. The BHS coaching qualifications encompass all these elements.

The BHSQ Level 3 (Stage 3) Coach qualifications represent the minimum requirement for a coach working competently without supervision in the industry. By successfully completing this qualification, learners will be able to coach horse riding to a range of riders, from beginners to students preparing to take qualifications and riders beginning to compete at grass roots level. Learners will be able to deliver lessons that implement coaching techniques whilst maintaining the safety and welfare of horses and riders. Learners will be able to show genuine improvement in horse and rider combinations and develop plans for their future progression.

As a result of industry consultation demand has been identified for discipline specific pathways within the structure of BHSQ qualifications. At level 3, pathways have been developed to support the progression in these areas, whilst aiming to ensure core knowledge and skills sets have been achieved to provide a solid foundation.

What could these qualifications lead to?

BHSQ Level 3 (Stage 3) Coach qualifications have been developed in consultation with employers and professional bodies to ensure that the content is appropriate for those working in the sector.

Learners completing these qualifications could access roles in areas such as:

- Riding School Coach working with individuals and groups
- Freelance Coach working with individuals on their own horses
- Groom and Coach with riding (exercising and schooling horses within the working environment)
- Discipline specific Coach
- Freelance Groom with riding (exercising and schooling horses)
- Work/exercise rider in a variety of establishments
- Assistant yard manager
- Assistant Trainer

BHSQ Level 3 Coach – Dressage Ride (Stage 3)

Qualification Level – 3

Total Qualification Time (TQT) for this qualification is 770

Credits – 77

Guided Learning Hours (GLH) – 330

This qualification contains the following units:

- Unit 1: Stage 3 Care
- Unit 2: Stage 3 Lunge
- Unit 3: Stage 3 Ride Dressage
- Unit 5: Stage 3 Coaching

Qualification purpose

A person holding the BHSQ Level 3 Coach – Dressage Ride (Stage 3) qualification will hold the technical skills and knowledge to coach dressage up to Novice level and jumping (show jumping and cross country) up to 80cm. They will be able to coach private, semi-private, group and lunge lessons.

Coaches will be able to show genuine improvement of horse and rider while demonstrating a sound knowledge of coaching methods and principles. They will be able to care for a range of horses, provide exercise and maintain their level of training on the flat.

Who is this qualification for?

This qualification is for learners who wish to build a career in coaching. It is likely that learners will already be employed in the industry and are seeking career advancement. Learners may progress to this qualification after completing the BHSQ Level 2 Foundation Coach in Complete Horsemanship (Stage 2). Please refer to entry requirements at unit level.

This qualification is also available to learners at the appropriate level who have industry experience and/or hold non-BHS equine qualifications. To enter they will apply via the BHS RPCL or RPEL direct entry process.

This qualification offers progression to:

- BHSQ Level 4 Senior Coaching Riders (Stage 4)
- BHSQ Level 4 Senior Dressage Coach (Stage 4)
- BHSQ Level 4 Senior Eventing Coach (Stage 4)

BHSQ Level 3 Coach – Jump Ride (Stage 3)

Qualification Level – 3

Total Qualification Time (TQT) for this qualification is 770

Credits – 77

Guided Learning Hours (GLH) – 340

This qualification contains the following units:

- Unit 1: Stage 3 Care
- Unit 2: Stage 3 Lunge
- Unit 4: Stage 3 Ride Jump
- Unit 5: Stage 3 Coaching

Qualification purpose

A person holding the BHSQ Level 3 Coach – Jump Ride (Stage 3) qualification will hold the technical skills and knowledge to coach dressage up to Novice level and jumping (show jumping and cross country) up to 80cm. They will be able to coach private, semi-private, group and lunge lessons.

Coaches will be able to show genuine improvement of horse and rider while demonstrating a sound knowledge of coaching methods and principles. They will be able to care for a range of horses, provide exercise and maintain their level of training over fences.

Who is this qualification for?

This qualification is for learners who wish to build a career in coaching. It is likely that learners will already be employed in the industry and are seeking career advancement. Learners may progress to this qualification after completing the BHSQ Level 2 Foundation Coach in Complete Horsemanship (Stage 2). Please refer to entry requirements at unit level.

This qualification is also available to learners at the appropriate level who have industry experience and/or hold non-BHS equine qualifications. To enter they will apply via the BHS RPCL or RPEL direct entry process.

This qualification offers progression to:

- BHSQ Level 4 Senior Coaching Riders (Stage 4)
- BHSQ Level 4 Senior Show Jumping Coach (Stage 4)
- BHSQ Level 4 Senior Eventing Coach (Stage 4)

BHSQ Level 3 Coach in Complete Horsemanship (Stage 3)

Qualification Level – 3

Total Qualification Time (TQT) for this qualification is 970

Credits – 97

Guided Learning Hours (GLH) – 460

This qualification contains the following units:

- Unit 1: Stage 3 Care
- Unit 2: Stage 3 Lunge
- Unit 3: Stage 3 Ride Dressage
- Unit 4: Stage 3 Ride Jump
- Unit 5: Stage 3 Coaching

Qualification purpose

A person holding the BHSQ Level 3 Coach in Complete Horsemanship (Stage 3) qualification will hold the technical skills and knowledge to coach dressage up to Novice level and jumping (show jumping and cross country) up to 80cm. They will be able to coach private, semi-private, group and lunge lessons.

Coaches will be able to show genuine improvement of horse and rider while demonstrating a sound knowledge of coaching methods and principles. They will be able to care for a range of horses, provide exercise and maintain their level of training on the flat and over fences.

The reference to “Complete Horsemanship” in the title refers to the learner’s all-round skills in horse care, lungeing, coaching and riding to include; dressage, show jumping and cross country riding. Learners will be able to disseminate their knowledge in all these areas through their coaching.

Who is this qualification for?

This qualification is for learners who wish to build a career in coaching. It is likely that learners will already be employed in the industry and are seeking career advancement. Learners may progress to this qualification after completing the BHSQ Level 2 Foundation Coach in Complete Horsemanship (Stage 2). Please refer to entry requirements at unit level.

This qualification is also available to learners at the appropriate level who have industry experience and/or hold non-BHS equine qualifications. To enter they will apply via the BHS RPCL or RPEL direct entry process.

This qualification offers progression to:

- BHSQ Level 4 Senior Coaching Riders (Stage 4)
- BHSQ Level 4 Senior Dressage Coach (Stage 4)
- BHSQ Level 4 Senior Show Jumping Coach (Stage 4)
- BHSQ Level 4 Senior Eventing Coach (Stage 4)

Unit 1: Stage 3 Care

Unit Level – 3

Credits – 31

Guided Learning Hours (GLH) – 120

Unit purpose

Learners successfully completing this unit will be able to care for a range of horses. They will understand horse anatomy and physiology, horse health, nutrition, fitness and horse behaviour to ensure the welfare of the horses in their care. Learners are required to handle and work with and around the horse with consideration for welfare and safety for themselves, the horse and others at all times.

Entry requirements/prerequisites

- A minimum age of 16 years
- Unit 1: Stage 2 Care or direct entry via RPCL/RPEL

Pre-assessment criteria

Learners should have the 'coach endorsement' listed below and the 'ready for assessment' section signed off in their **Skills Record** prior to the assessment of this unit. All learners should present their signed **Skills Record** on the day of assessment.

Coach endorsement:

- Clip a horse
 - I can give reasons for clipping horses
 - I can explain the considerations for safe clipping
 - I can clip a horse
 - I can describe how to care for a horse after clipping

The Skills Record must be fully and appropriately completed in order for a learner to be certificated.

Additional information

Assessment for this unit may take up to 3½ hours.

Learners should be sufficiently fit in order to carry out practical tasks. They should work efficiently and with confidence. In each section learners should speak from their experience and be able to put their points forward clearly with reasons. When assessing horses in practical situations learners should handle horses safely and direct assistants where relevant.

Unit Structure – Unit 1: Stage 3 Care

Learners must successfully complete all learning outcomes and assessment criteria in order to achieve. Please see pages 10 and 11 for further information.

Learning outcome	Assessment criteria	Guidance on the content to be learnt during training and sampled during assessment	Assessment method
1. Understand the roles, rights and responsibilities of a Groom	1.1 Explain the roles of a Groom	Roles to include; <ul style="list-style-type: none"> Managing the stable yard and environment Caring for and meeting the needs of the horses in their charge Managing the maintenance of daily routine yard activity Communicating and guiding others related to care and yard activity 	Discussion
	1.2 Explain the responsibilities of a Groom	Responsibilities to include; <ul style="list-style-type: none"> Ensuring the health, safety and welfare of the horse Promoting equestrianism and horse welfare in a positive way (social license to operate) Working independently Monitoring all aspects of Quality of Life particularly for elderly, ill and injured horses. Raising concerns with a senior staff member and consulting with a vet Taking responsibility for routine horse care and stable yard management Managing horse's feed according to work levels and nutritional needs Managing turnout areas Anti-doping guidelines 	Discussion
	1.3 Explain a range of current legislation applicable to stable yards	Range = 2 or more Current legislation to include; <ul style="list-style-type: none"> Health and safety Safeguarding Data protection Horse welfare Horse transportation Equality, diversity and inclusion 	Discussion
	1.4 Explain employment rights	The rights of the employee, to include: <ul style="list-style-type: none"> Contract of employment Holiday Sick pay Pension Self-employed, to include; <ul style="list-style-type: none"> Set own hours of work Set own rates of pay Responsible for own tax returns Responsible for own insurance 	Discussion
2. Be able to use equipment for flatwork and jumping	2.1 Fit tack for flatwork	Tack to include; <p>Double bridle</p> <ul style="list-style-type: none"> Curb and bridoon bits Cavesson noseband Curb chain <p>Saddle</p> <ul style="list-style-type: none"> Suitable for flatwork 	Observation

Learning outcome	Assessment criteria	Guidance on the content to be learnt during training and sampled during assessment	Assessment method
	2.2 Evaluate the fit of the flatwork tack	Fit , to include; <ul style="list-style-type: none"> • Check for comfort • Condition and suitability of the tack • Action of bits and noseband 	Observation and Discussion
	2.3 Put on schooling bandages for flatwork	Schooling bandages ; <ul style="list-style-type: none"> • Polo wraps (with or without padding underneath) 	Observation
	2.4 Fit tack and boots for jumping	Tack and boots to include; <ul style="list-style-type: none"> • Bridle • Saddle • Breastplate and martingale • Boots suitable for jumping 	Observation
	2.5 Evaluate the fit of the jumping tack	Fit to include; <ul style="list-style-type: none"> • Check for comfort • Condition and suitability of the tack • Action of bit and noseband 	Observation and Discussion
	2.6 Explain a range of factors affecting saddle fit	Range = 3 or more Factors ; <ul style="list-style-type: none"> • Width of tree • Withers clearance • Pressure points on horse's spine • Evenness of weight across the horse's back • Freedom around the horse's shoulder • Size of saddle in relation to horse • Rider 	Discussion
3. Be able to use studs	3.1 Demonstrate how to put a stud into a shoe	Demonstration to include; <ul style="list-style-type: none"> • Holding the foot • Clean and maintain stud hole • Selection of stud type • Using the stud tap • Putting the stud in • Plugging stud hole 	Observation and discussion
4. Understand the use of bits	4.1 Explain the use of a range of bits	Range = 2 or more Bits to include; <ul style="list-style-type: none"> • Snaffle • Pelham • Gag • Bitless bridles 	Observation and discussion
5. Understand the nutritional requirements of a horse	5.1 Explain the role of nutrients in a horse's diet	Nutrients to include; <ul style="list-style-type: none"> • Carbohydrates • Proteins • Fats • Vitamins • Minerals • Water 	Discussion
	5.2 Explain a range of forages available for feeding horses	Range = 4 or more Forages ; <ul style="list-style-type: none"> • Grass • Hay • Haylage • Dried grass • Chaff/chop • Alfalfa • Straw 	Discussion

BHS Qualifications

Learning outcome	Assessment criteria	Guidance on the content to be learnt during training and sampled during assessment	Assessment method
	5.3 Explain a range of factors that may influence a horse's dietary requirements	Range = 3 or more Factors to include; <ul style="list-style-type: none"> • Time of year • Age • Size • Type • Different work levels including; light, medium and hard • Condition of the horse • Availability of turnout • Health 	Discussion
	5.4 Explain how to manage feeding routines	Management to include; <ul style="list-style-type: none"> • Timings • Relation to work • Amount of feed • Variance of feed • Availability of forage • Time of year 	Discussion
	5.5 Explain how to prepare food for horses with common health problems	Health problems to include; <ul style="list-style-type: none"> • Respiratory • Dietary issues • Dental problems Preparation; <ul style="list-style-type: none"> • Soaking • Steaming 	Discussion
	5.6 Assess a horse using a body condition/fat scoring scale	Body condition/fat scoring on a 0-5 point scale, to include; <ul style="list-style-type: none"> • General body condition • Quarters • Ribs • Shoulders • Back • Neck • Withers 	Observation and Discussion
	5.7 Explain the use of supplements or balancers in a horse's diet	May include; <ul style="list-style-type: none"> • Vitamin and mineral deficiency • 100% roughage diet 	Discussion
6. Understand how to improve a horse's fitness	6.1 Explain the purpose of a fitness programme for a horse	Purpose may include; <ul style="list-style-type: none"> • Preparing the horse for a specific activity • Improving a horse's fitness • Maintaining fitness • Lower risk of injury • Rehabilitation 	Discussion
	6.2 Explain the process used to improve a horse's fitness	Process <ul style="list-style-type: none"> • From a low level of fitness to be able to complete a one-day event • Three stages of programme; long slow distance work, strength work, fast work • Length of time 	

Learning outcome	Assessment criteria	Guidance on the content to be learnt during training and sampled during assessment	Assessment method
	6.3 Explain a range of factors that may influence a horse's fitness programme	Range = 2 or more Factors may include; <ul style="list-style-type: none"> • Body conformation • Weight • Previous injury • Work levels • Equipment, environment and external factors • Type and temperament • Age 	Discussion
	6.4 Explain how to assess a horse's fitness	Assessment may include; <ul style="list-style-type: none"> • Visual signs (for example; excessive sweating, fatigue) • Behaviour • Recovery rate 	Discussion
	6.5 Explain how to care for a horse after strenuous work	Care to include; <ul style="list-style-type: none"> • Walking the horse • Dismounting the rider • Adjusting and removing equipment • Rehydrating the horse • Washing down and checking for injury • Regaining normal body temperature • Feeding the horse • Monitoring recovery • Leg care 	Discussion
	6.6 Explain the purpose of using a horse walker	Purpose to include; <ul style="list-style-type: none"> • Non ridden exercise • Time out of stable • Rehabilitation • Fitness programme 	Discussion
7. Understand horse anatomy and physiology	7.1 Explain the function and components of the respiratory system	Function , to include; <ul style="list-style-type: none"> • Gaseous exchange – the take up of oxygen and the removal of carbon dioxide Components , role to include; <ul style="list-style-type: none"> • Nostrils • Nasal passage • Trachea • Lungs • Diaphragm 	Discussion
	7.2 Explain the function and components of the cardiovascular system	Function : <ul style="list-style-type: none"> • Circulating blood (transporting oxygen and nutrients) around the body and removal of waste • Lymphatic system Components , role to include; <ul style="list-style-type: none"> • Heart • Arteries • Veins • Blood 	Discussion
	7.3 Describe the anatomy of the lower leg and foot	Anatomy to include; <ul style="list-style-type: none"> • Bones: pedal, navicular, splint, cannon, sesamoid, pasterns • Ligaments: check, suspensory, annular • Tendons: flexor and extensor tendons 	Discussion and Observation
8. Be able to manage the health of a horse	8.1 Demonstrate how to measure a horse's vital signs	Vital signs : <ul style="list-style-type: none"> • Temperature • Pulse • Respiration 	Observation

Learning outcome	Assessment criteria	Guidance on the content to be learnt during training and sampled during assessment	Assessment method
	8.2 Explain the importance of maintaining health records	Health records to include; <ul style="list-style-type: none"> • Veterinary history • Vital signs • Routine care: worming, teeth, vaccinations, saddle checks • Passport 	Discussion
	8.3 Explain the roles of a range of health care professionals	Range = 2 or more Health care professionals may include; <ul style="list-style-type: none"> • Physiotherapist • Chiropractor • Osteopath • Acupuncture practitioner • Equine Dental Technicians 	Discussion
	8.4 Describe the signs and symptoms of a range of common health conditions	Range = 3 or more Health conditions may include; <ul style="list-style-type: none"> • Exertional Rhabdomyolysis Syndrome (ERS) / Azoturia • Bursal and bony enlargements or conditions • Chronic Obstructive Pulmonary Disease (COPD)/ Recurrent Airway Obstruction (RAO)/equine asthma • Colic • Equine Herpes Virus (EHV) • Equine influenza • Equine Metabolic Syndrome (EMS) • Equine Seasonal Myopathy • Laminitis • Lymphangitis • Pituitary Pars Intermedia Dysfunction (PPID)/ Cushings • Ringworm • Strangles • Tendon injury • Worm burden 	Discussion
	8.5 Explain the management and treatment of common health conditions	Management may include; <ul style="list-style-type: none"> • Minimise work levels • Adjust feed • Prevention • Routine healthcare Treatment may include; <ul style="list-style-type: none"> • Referral to vet • Medication (prescribed by vet) • Stable care (box rest) 	Discussion
	8.6 Explain how to prevent the spread of disease in the equine environment	Prevention , to include; <ul style="list-style-type: none"> • Biosecurity • The maintenance of cleanliness for horses, people and stable yards • Dealing with new horses to the stable yard • Isolation procedures • Promoting health care of the horse Disease ; <ul style="list-style-type: none"> • Infectious and contagious diseases 	Discussion

Learning outcome	Assessment criteria	Guidance on the content to be learnt during training and sampled during assessment	Assessment method
	8.7 Explain how to assess lameness	Assessment of lameness to include; <ul style="list-style-type: none"> • Observe the horse at rest • Observe the horse in walk • Observe the horse in trot • Inspection of limbs • Report to an informed person, if appropriate 	Discussion
	8.8 Explain the principle of Quality of Life	Quality of life to include; <ul style="list-style-type: none"> • Indicators that can be used to assess Quality of Life for the horse • Options for humane euthanasia • Awareness of support services available to assist with euthanasia decisions 	Discussion
9. Understand undesirable horse behaviour	9.1 Describe the signs and causes of stereotypical behaviour in horses	Causes may include; <ul style="list-style-type: none"> • Stabled for long periods • Unable to move freely • Separation from other horses • Hunger • Pain • Fear • Poor training • Learned behaviour Signs may include; <ul style="list-style-type: none"> • Box walking • Crib biting • Wind sucking • Weaving • Aggression 	Discussion
	9.2 Explain how to manage stereotypical behaviour in horses	Management may include; <ul style="list-style-type: none"> • Enrichment • Turnout • Access to open space • Handling • Routine • Sufficient work • Feeding regimes 	Discussion
	9.3 Explain how to manage horses that are difficult to handle	Management may include; <ul style="list-style-type: none"> • Positive reinforcement • How to approach the horse • Methods of restraint • Managing routine care • Loading • Treating wounds • Clipping • Catching in • Leading • Safety equipment 	Discussion
10. Understand how to manage a turnout area	10.1 Explain how to manage a turnout area for a horse	Management may include; <ul style="list-style-type: none"> • Resources for example; tractor, harrow, topper mower, roller, strimmer • Stocking density • Regular removal of droppings, weeds, poisonous plants • Harrowing, rolling and topping • Fertilising • Rotational grazing • Fencing, gates and security • Cross grazing 	Discussion

BHS Qualifications

Learning outcome	Assessment criteria	Guidance on the content to be learnt during training and sampled during assessment	Assessment method
11. Be able to assess a horse's conformation	11.1 Evaluate the conformation of a horse	Evaluation to include; <ul style="list-style-type: none"> • Assessment of; static and dynamic conformation including foot balance • Condition of the horse • Type of horse and suitability for work 	Observation and discussion
	11.2 Explain the use of a range of shoes	Range = 2 or more Shoes may include; <ul style="list-style-type: none"> • Fullered • Plain stamp • Natural balance • Bar – egg, heart and rolled toe • Racing plate • Glue-on shoes • Pads 	Discussion

Unit 2: Stage 3 Lunge

Unit Level – 3

Credits – 7

Guided Learning Hours (GLH) – 30

Unit purpose

Learners successfully completing this unit will be able to lunge a fit horse for exercise and maintain its level of training. Learners are required to handle the horse with consideration for welfare and safety for themselves, the horse and others at all times.

Entry requirements/prerequisites

- A minimum age of 16 years
- Unit 2: Stage 2 Lunge or direct entry via RPCL/RPEL

Pre-assessment criteria

Learners should have the 'ready for assessment' section signed off in their *Skills Record* prior to the assessment of this unit. All learners should present their signed *Skills Record* on the day of assessment.

The *Skills Record* must be fully and appropriately completed in order for a learner to be certificated.

Additional information

Assessment for this unit may take up to 1 hour.

Learners will be allocated a horse that will be tacked up ready to lunge. Learners should check the equipment for safety and correct fit and then begin lungeing. The horse should be warmed up without side reins.

Unit Structure – Unit 2: Stage 3 Lunge

Learners must successfully complete all learning outcomes and assessment criteria in order to achieve. Please see pages 10 and 11 for further information.

Learning outcome	Assessment criteria	Guidance on the content to be learnt during training and sampled during assessment	Assessment method
1. Understand how lungeing contributes to a horse's training	1.1 Explain the value of lungeing as a training method	Value , may include; <ul style="list-style-type: none"> • Introduction to ridden work • Visual assessment of horse's movement • Schooling progression • Variety of work • Maintaining a horse's fitness 	Discussion
	1.2 Explain the impact of lungeing techniques	Lungeing techniques , may include; <ul style="list-style-type: none"> • Positioning of handler • Adapting to surface and space available • Use of different equipment • Position of whip 	Discussion
	1.3 Explain how to progress a horse's training using lungeing	May include; <ul style="list-style-type: none"> • Ground poles • Transitions through paces • Circle size • Lengthening and shortening the horse's stride 	Discussion
2. Be able to lunge a horse	2.1 Lunge a horse to maintain its level of training	Lunge , to include; <ul style="list-style-type: none"> • Appropriate personal protective equipment for handler • Ensure horse welfare at all times • Check equipment for safety and fit • Put the horse out on an appropriately sized circle • Send the horse forward without side reins • Work the horse with side reins • Assess the horse in all three paces • Work the horse in all three paces (cantering if appropriate) • Adjust equipment to improve the horse's performance • Work the horse through changes of pace and stride length • Progress the horse's responsiveness to aids • Use of transitions • Adjust circle size 	Observation
	2.2 Maintain safe control of the horse	Control , to include; <ul style="list-style-type: none"> • Position of the handler • Horse position and balance • Technique of the handler • Use of commands and aids • Length of time lungeing • Use of equipment • Length of lunge line • Adjustment of side reins • Awareness of surroundings • Body language 	Observation
	2.3 Evaluate the effectiveness of the lungeing session	Effectiveness in relation to; <ul style="list-style-type: none"> • All three paces • Responsiveness to aids • Horse's performance • Own performance 	Discussion

Unit 3: Stage 3 Ride Dressage

Unit Level – 3

Credits – 20

Guided Learning Hours (GLH) – 120

Unit purpose

Learners successfully completing this unit will be able to ride and work horses on the flat to maintain their training up to Novice level. They will understand the Training Scale and how this relates to the performance of the horse. Learners are required to ride sympathetically with consideration for welfare and safety for themselves, the horse and others at all times.

Entry requirements/prerequisites

- A minimum age of 16 years
- Unit 3: Stage 2 Ride or direct entry via RPCL/RPEL

Pre-assessment criteria

Learners should have the 'ready for assessment' section signed off in their *Skills Record* prior to the assessment of this unit. All learners should present their signed *Skills Record* on the day of assessment.

The *Skills Record* must be fully and appropriately completed in order for a learner to be certificated.

Additional information

Assessment for this unit may take up to 1½ hours.

Learners will ride two horses. Learners must be able to ride in open order, abiding by the rules of the school whilst showing consideration for other riders (there may be up to six riders in a group). The learner should be fit enough to ride actively for up to 1½ hours without stress.

Learners who are not considered sufficiently competent with regard to their effective control of the horse and their own balance will be asked to withdraw from the riding at any time during the session.

Unit Structure – Unit 3: Stage 3 Ride Dressage

Learners must successfully complete all learning outcomes and assessment criteria in order to achieve. Please see pages 10 and 11 for further information.

Learning outcome	Assessment criteria	Guidance on the content to be learnt during training and sampled during assessment	Assessment method
1. Understand how to maintain a horse's training for dressage	1.1 Explain how the Training Scale impacts on a horse's performance	Performance through the horse's work which may include; <ul style="list-style-type: none"> Working the horse in all three paces Lengthen and shorten horse's stride Transitions between paces Lateral work for example; leg yielding, turn on and about the forehand Consideration of the horse moving forward from the leg aids to a contact with directional bend 	Discussion
LEARNERS WILL BE REQUIRED TO RIDE TWO HORSES IN THIS SECTION			
2. Be able to ride horses to maintain their training	2.1 Ride appropriate exercises to warm up the horses	Appropriate exercises to include; <ul style="list-style-type: none"> Logical plan Walk on both reins Trot on both reins Canter on both reins Riding the horse forward toward a rein contact Transitions Awareness of others in the arena 	Observation
	2.2 Assess the horses' way of going	Assessment may include; <ul style="list-style-type: none"> Horse conformation Working the horse in all three paces Lengthen and shortening the horse's stride Transitions between paces Lateral work, for example; leg yielding, turn on and about the forehand Consideration of the horse moving forward from the leg aids to a contact with directional bend In relation to the Training Scale Stiff hollow side and working outline Suitability to undertake a novice dressage test 	Observation and discussion
	2.3 Use exercises to improve the horses' way of going	Exercises may include; <ul style="list-style-type: none"> Progressive work in walk, trot and canter Lengthening and shortening stride Transitions Lateral work Working in an outline 	Observation
	2.4 Ride with an independent balanced position	Independent balanced position to include; <ul style="list-style-type: none"> Balanced postural alignment Suppleness, movement and harmony with the horse Core strength and stability Co-ordination of aids to ride the horse effectively forward between leg and a receiving hand Ride without stirrups in walk, trot and canter 	Observation

Learning outcome	Assessment criteria	Guidance on the content to be learnt during training and sampled during assessment	Assessment method
	2.5 Ride safely	Riding safely to include; <ul style="list-style-type: none"> • Use sympathetic aids riding walk, trot, canter • Awareness of other users of the school • Show respect and consideration for the horse and other riders 	Observation
	2.6 Evaluate the session	Evaluation to include: <ul style="list-style-type: none"> • In relation to the Training Scale • All three paces • Responsiveness to aids, leg to contact • Exercises used • Horses' outline • Self-reflection of riding performance 	Discussion

Unit 4: Stage 3 Ride Jump

Unit Level – 3

Credits – 20

Guided Learning Hours (GLH) – 130

Unit purpose

Learners successfully completing this unit will be able to maintain a horse's training for jumping. They will be able to ride horses over show jumps up to 1m and over a variety of cross country fences up to 0.91m. They will understand the Training Scale and how this relates to the performance of the horse. Learners are required to ride sympathetically with consideration for welfare and safety for themselves, the horse and others at all times.

Entry requirements/prerequisites

- A minimum age of 16 years
- Unit 3: Stage 2 Ride or direct entry via RPCL/RPEL

Pre-assessment criteria

Learners should have the 'ready for assessment' section signed off in their **Skills Record** prior to the assessment of this unit. All learners should present their signed **Skills Record** on the day of assessment.

The Skills Record must be fully and appropriately completed in order for a learner to be certificated.

Additional information

Assessment for this unit may take up to 2 hours.

Learners will be required to walk and inspect the show jump and cross country courses prior to the assessment briefing. It is advisable to wear suitable footwear for this purpose.

Learners will usually ride two horses in this section, one horse over show jumps and one horse over a cross country course. The show jump section will take place prior to the cross country section. Learners will show a suitable warm up routine, taking into consideration other riders, the weather and ground conditions.

Body protectors to the current British Safety Standard are mandatory for cross country.

Learners who are not considered sufficiently competent with regard to their effective control of the horse and their own balance will be asked to withdraw from the riding at any time during the session.

Unit Structure – Unit 4: Stage 3 Ride Jump

Learners must successfully complete all learning outcomes and assessment criteria in order to achieve. Please see pages 10 and 11 for further information.

Learning outcome	Assessment criteria	Guidance on the content to be learnt during training and sampled during assessment	Assessment method
1. Understand how to maintain a horse's training for jumping	1.1 Explain how to introduce a horse to jumping	Introduction to jumping to include; <ul style="list-style-type: none"> The development of all three paces Working over poles in trot and canter Using placing and ground poles Distances How to work over the first fence Introducing a second fence Moving beyond two fences 	Discussion
	1.2 Explain how to progress a horse's jumping	Progression of jumping to include; <ul style="list-style-type: none"> The use of poles Progressive use of grid work Gymnastic jumping Working over fences at related distances Using cross country jumps 	Discussion
2. Be able to ride a horse over show jumps	2.1 Assess the show jump course	Assessment to include; <ul style="list-style-type: none"> Walk the show jump course Course plan and sequence of fences The lines and distances between fences The strategy for riding a show jump course Identify any potential challenges 	Discussion
	2.2 Prepare the horse for jumping	Preparation to include; <ul style="list-style-type: none"> Logical plan of work Walk, trot and canter on both reins Lengthening and shortening of stride and control of direction Riding forward in a balanced, light seat Establishing rhythm and balance in the canter Awareness of others 	Observation
	2.3 Warm up over fences in preparation for jumping a course	Warm up to include; <ul style="list-style-type: none"> Cross pole Upright Spread 	Observation
	2.4 Ride a horse over a course of jumps	To include: <ul style="list-style-type: none"> Up to eight fences ranging in height from 85cm to 1m, a minimum of two fences to be 1m A double, related distance, two changes of direction and a minimum of three spread fences 	Observation
	2.5 Ride with an independent balanced position	Independent balanced position to include; <ul style="list-style-type: none"> Independence from the rein aids Balanced alignment in a jumping position with a secure lower leg Core strength in upper body maintained between, approaching, over and riding away from fences The ability to ride forward from the leg aid to the contact without a compromise of position Ride in harmony with the horse using sympathetic aids 	Observation

BHS Qualifications

Learning outcome	Assessment criteria	Guidance on the content to be learnt during training and sampled during assessment	Assessment method
	2.6 Ride safely	Riding safely to include; <ul style="list-style-type: none"> • Use sympathetic aids riding walk, trot, canter • Awareness of other users of the school • Show respect and consideration for the horse and other riders 	Observation
	2.7 Evaluate the show jump round	Evaluation to include; <ul style="list-style-type: none"> • Pace of the horse • Lines and corners • Manner of jumping • Control of the horse • Problems/issues with the horse's way of going • Own performance 	Discussion
3. Be able to ride a horse over a cross country course	3.1 Assess the cross country course	Assessment to include; <ul style="list-style-type: none"> • Walk the cross country course • Follow the course plan and sequence of fences • Lines between fences • Strategy for riding the cross country course to include pace of horse • Terrain and weather conditions 	Discussion
	3.2 Prepare the horse to jump a cross country course	Preparation to include; <ul style="list-style-type: none"> • Working to a logical plan • Canter on both reins • Moving the horse forward, increasing the pace and slowing down • Working over practice fences • Establishing rhythm and balance in the canter 	Observation
	3.3 Ride a horse over a cross country course	To include; <ul style="list-style-type: none"> • Minimum of eight jumping efforts up to 91cm which may include: bank, rail, brush, spread, ditch and a combination of at least two related fences 	Observation
	3.4 Ride with an independent balanced position	Independent balanced position to include; <ul style="list-style-type: none"> • Independence of the rein aids • Balanced alignment in a jumping position with a secure lower leg • Core strength in upper body maintained between, approaching, over and riding away from fences • The ability to ride forward from the leg aid to the contact without a compromise of position • Ride in harmony with the horse using sympathetic aids 	Observation
	3.5 Ride safely	Riding safely to include; <ul style="list-style-type: none"> • Use sympathetic aids riding walk, trot, canter • Awareness of other users of the school • Show respect and consideration for the horse and other riders 	Observation

Learning outcome	Assessment criteria	Guidance on the content to be learnt during training and sampled during assessment	Assessment method
	3.6 Evaluate the cross country round	Evaluation may include; <ul style="list-style-type: none">• The pace• Lines and turns• Manner of jumping• Control of the horse• Problems/issues with the horse's way of going• Ground surface• Rider effectiveness	Discussion

Unit 5: Stage 3 Coaching

Unit Level – 3

Credits – 19

Guided Learning Hours (GLH) – 60

Unit purpose

Learners completing this unit will be able to coach riders up to Novice level for dressage and riders over simulated cross country up to 80cm. The learner will be able to plan, deliver and evaluate the coaching session. Lessons must be safe with consideration for welfare and safety for themselves, the horse, rider and others at all times. Learners will be competent delivering private and semi-private lessons.

Entry requirements/prerequisites

- A minimum age of 18 years
- Unit 4: Stage 2 Coaching or direct entry via RPCL/RPEL

Pre-assessment criteria

Learners should have the 'ready for assessment' section signed off in their *Skills Record* prior to the assessment of this unit. All learners should present their signed *Skills Record* on the day of assessment.

In addition, the learner must complete the following observations:

- Learner Observation Forms 1 – 5
- Experienced Coach Observations 1 – 2

The *Skills Record* must be fully and appropriately completed in order for a learner to be certificated.

Additional information

Assessment for this unit may take up to 2 hours.

The learner will produce lesson plans that can be easily adapted for the needs of the riders following their initial assessment. The assessor will discuss the plan with the learner.

Dressage lesson:

Learners are required to coach a flatwork lesson to one rider.

The learner should help the rider to develop the effectiveness of their aids and position in order to improve their effect on the horse's way of going. The selection of exercises and explanations as to how to ride them, along with the reasoning behind their use should be part of the assessment. The session needs to be interactive, interesting but always with the basic way of going as the priority.

Simulated cross country lesson:

Learners are required to demonstrate that they can introduce two riders to the concept of riding cross country using simulated cross country fences in an arena, up to a height of 80cms.

There will be a jumping area with a selection of fences. The learner should select the fences most suited to the development of their riders and horses, it may not be necessary to use all the fences. The learner should verbally assess their pupils and set them up to work in. During this period the learner will discuss the possible use of the fences with the assessor before they start coaching.

Unit Structure – Unit 5: Stage 3 Coaching

Learners must successfully complete all learning outcomes and assessment criteria in order to achieve. Please see pages 10 and 11 for further information.

Learning outcome	Assessment criteria	Guidance on the content to be learnt during training and sampled during assessment	Assessment method
1. Understand the roles and responsibilities of a coach	1.1 Describe the roles of a coach	Roles to include; <ul style="list-style-type: none"> Coach children and adults to improve their riding ability and horse care knowledge Coach a variety of clients from beginner riders to stage 2 level riders and riders preparing for low level competitions 	Discussion
	1.2 Explain the responsibilities of a coach	Responsibilities to include; <ul style="list-style-type: none"> Promoting equestrianism and horse welfare in a positive way (social licence to operate) Horse welfare Legal responsibilities Health and Safety Insurance First aid Safeguarding Data protection Equality, diversity and inclusion Customer care Working with or referring to other professionals for example, saddle fitters, vets, coaches, nutritionists, physiotherapists and trainers Continuous professional development (CPD) 	Discussion
2. Be able to coach safely	2.1 Demonstrate regard for safety	Coaches must demonstrate safe coaching in all sessions, including consideration of: <ul style="list-style-type: none"> Suitable for the lesson and appropriate to needs of the riders Content of the lesson is suitable for the ability and fitness of horse and rider Welfare of horse(s) Meeting legal requirements Maintain safety of self and others throughout the lesson including safeguarding Awareness of potential risks 	Observation
3. Be able to demonstrate lesson management skills	3.1 Demonstrate effective communication skills	Effective – relates to each lesson. Communication must be effective in both coaching sessions. Communication skills , to include; <ul style="list-style-type: none"> Verbal communication; volume, tone, language, terminology Non-verbal communication; gestures, body language, demonstrations, positioning Rapport Motivation 	Observation
	3.2 Demonstrate time management skills	Time management to include; <ul style="list-style-type: none"> Progression of lesson Adapting timings to meet the needs of the horse and rider <p>This must be shown in both coaching sessions</p>	Observation

Learning outcome	Assessment criteria	Guidance on the content to be learnt during training and sampled during assessment	Assessment method
4. Be able to coach a flatwork lesson	4.1 Produce a lesson plan	Lesson plan to include; <ul style="list-style-type: none"> • One rider up to Novice level dressage • 30-minute flatwork lesson • Risk assessment • Aims and objectives • Equipment • Timings • Teaching points • Introduction • Preparation • Main activity • Cool down • Conclusion 	Discussion
	4.2 Coach progressive exercises to riders	Progressive exercises may include; <ul style="list-style-type: none"> • Leg yield • Lengthening and shortening strides • Turn on/about the forehand • Work without stirrups • Appropriate exercises to improve horse's way of going • Progressive, logical sequence • Linking to Training Scale 	Observation
	4.3 Implement suitable adaptations to coaching practices	Adaptations may relate to; <ul style="list-style-type: none"> • Meeting the needs of the horse and rider • Rider position • Horse's way of going • Confidence and skill of rider • Engagement with rider 	Observation
	4.4 Evaluate the lesson	Evaluation to include; <ul style="list-style-type: none"> • The strengths of the lesson • The feedback from the rider • Discuss the impact of the rider on the horse's way of going • Identifying the skills of the rider • Effectiveness of coaching • Areas that could be developed 	Discussion
5. Be able to coach a simulated cross country lesson	5.1 Produce a lesson plan	Lesson plan to include; <ul style="list-style-type: none"> • 2 riders (to be confident jumping 80cm (for example Stage 2/3 rider) for at least 40 minutes • Simulated cross country • Risk assessment • Aims and objectives • Equipment • Timings • Teaching points • Introduction • Preparation • Main activity • Cool down • Conclusion 	Discussion

BHS Qualifications

Learning outcome	Assessment criteria	Guidance on the content to be learnt during training and sampled during assessment	Assessment method
	5.2 Coach progressive exercises to riders	Progressive exercises to include; <ul style="list-style-type: none"> • Introducing a rider to cross country • Work to develop rider cross country position • Canter work • Use of a variety of jumps up to 80cms in height 	Observation
	5.3 Implement suitable adaptations to coaching practices	Adaptations may relate to; <ul style="list-style-type: none"> • Meeting the needs of the horse and rider • Rider position • Confidence and skill of rider • Horses way of going • Engagement with riders 	Observation
	5.4 Evaluate the lesson	Evaluation to include; <ul style="list-style-type: none"> • The strengths of the sessions • The feedback from the riders • Discuss the impact of the rider on the horse's way of going • Identifying the skills of the riders • Effectiveness of coaching • Areas that could be developed 	Discussion
6. Understand how to develop own skills	6.1 Explain opportunities for continual professional development of coaching	Opportunities may include; <ul style="list-style-type: none"> • Observation of other coaches • Mentoring • Working with experienced riders • Other continuous professional development (CPD) • Short/long term goals • SMART targets • Personal action plan • Visual aids 	Discussion
