

BHS Passport Duplicate Application Form

The BHS can only provide duplicate passports that have been originally issued by the Society. If you are not the current registered owner in the passport, you will also need to complete a Change of Ownership form, and the BHS is obliged to contact the current registered owner to inform them that a duplicate passport and change of ownership has been requested. They will be given 14 days to respond before we can proceed with the application. The cost of a duplicate passport is £30 or £15 for registered equine charities.

Registered Name of Horse/Pony/Donkey/Mule.....

Passport Number (if known)

I, the undersigned confirm that my horse's passport has been (please tick as appropriate):

Lost Stolen Damaged

I have investigated every possible avenue to try to locate the passport but to no avail. Therefore, I am requesting a duplicate copy of the passport and understand that the Human Consumption Declaration (Section II Part I) will be signed by the BHS Representative so the animal in question cannot be used for human consumption at any time. The passport will also be stamped as a duplicate.

IDENTIFICATION PROCEDURE – important information for completing the form

The recommended procedure for identification is described in the FEI booklet 'Identification of Horses'. The diagram and written description must agree and be sufficiently detailed (**at least five identifying marks such as whorls or white markings**) to ensure the positive identification of the animal in the future. White markings must be shown in **RED** and the written description completed using **BLACK INK** in **BLOCK CAPITALS** or **TYPESCRIPT**. If there are no white markings, this fact must be stated in the written description. All head and neck whorls should be marked (X) and described in detail. Other whorls should be similarly recorded in greys and in animals lacking sufficient other distinguishing marks. Acquired marks (V) and other distinguishing marks, such as prophet's thumb mark (+), walleye and so on, should always be noted. **The Veterinary Surgeon must indicate the location of the microchip on the silhouette with a (M) symbol.**
